CARSON SAYS BARS

Pair Go From Los Angeles to St.
Louis and New Orleans With-
out Molestation; Sail
for Vera Cruz

(By the Associated Press)

New Orleans, May 29.—Clara Phillips, who escaped from jail in Los Angeles last December, after her husband's conviction of the murder of Mrs. Albert Meadows, returned to this country today from Honduras and tonight was in the Orleans parish house of detention preparatory to starting tomorrow on her journey to the Pacific coast.

Mrs. Meadows was beaten to death with a hammer and Mrs. Phillips was convicted largely on the evidence of Mrs. Meadows.

Does Not Write to Husband.
Mrs. Phillips said she had not communicated with her husband, Arthur Phillips, during her months of freedom. She left the impression with newspaper men that Phillips knew nothing about her escape. A man known as Jesse Carson, who has been her companion during her flight, saved the bars to her cell, she declared, but further than that she was disinclined to discuss many of the details, even refusing to answer a question whether she slid down the rope from the prison or came down "hand and hand."

When she left Los Angeles, she went to St. Louis, she said, coming to New Orleans from there. She remained here for days, using the name of Mrs. Jesse Carson, and said she lived about the city without fear. Carson was here at the time, she said, Phillips and Carson went by boat to Vera Cruz and then to Mexico City, she said. Her sister, Miss Eliza May Jackson, joined her there.

NINE INDICTED FOR CONSPIRACY

John W. Clifton, Prominent Wash-
ington Attorney, and Thomas
Craven Charged

New York, May 29.—John W. Clifton, prominent Washington attorney, Thomas C. Craven, warehouse proprietor, and seven other persons were indicted by the federal grand jury late today for conspiracy to violate the Volstead act.

The indictments were returned as a result of an alleged \$1,000,000 rum conspiracy of which Craven and Clifton were charged with perpetrating. All were arrested in April following a raid on the Cumberland Chemical company, a Tennessee corporation, in which 200 cases of whiskey and a quantity of alcohol were seized. A few days later, prohibition agents raided a house in the Bronx, where liquor valued at nearly \$1,000,000 also was taken.

Craven and five of the defendants were first arrested by a special prohibition agent who said he had negotiated with them for the sale of liquor imported from Cuba. Ten drums, supposed to contain alcohol from Cuba, were seized at the time but were found to contain water. A warrant was issued for Clifton's arrest, but after a week's search, he surrendered to authorities and was released in \$5,000 bail.

Others indicted, in addition to Craven and Clifton, were Emil R. Levy, I. Ward N. Freid, Frank Keller, Frank Dorian, Joseph Cadina, John Lazarus and John Mortimer. The Cumberland Chemical company also was indicted.

FATE PLAYS JEST WITH CANADIANS

Family Becomes Separated in New
York; Wait Each Other in
Adjoining Rooms

New York, May 29.—Through one of fate's little jests, Christian Hanson, of Montreal, waited anxiously in a Brooklyn police station for two hours today for his missing wife and daughter, from whom he had been separated in a subway rush, only to find that they, too, had been waiting, just as anxiously, in an adjoining room.

The Hansons arrived in New York today to make their home in Brooklyn. They reached a Brooklyn subway station at the same time as a car full of the surging crowd. Before he could rejoin his wife and daughter, the doors closed and the train moved on.

SAMMY KELLY, CHAMPION BOXER OF EARLY 90S, DIES

New York, May 29.—Sammy Kelly, known internationally through sporting circles, but best remembered as a leading featherweight boxer of the early 90's, died today of pneumonia at his home, just three days after the death of his mother, from whom he had been inseparable throughout his long career.

For several years Kelly had been associated with Charles A. Stoneham, president of the New York Giants, in the management of Stoneham's racing interests in Cuba. Kelly never reached the peak of his pugilistic ambitions, quitting the ring at the request of his mother after defeating Patsy Pader Proderie, Nov. 6, 1897. His most notable boxing achievement was the defeat of Billy Plimmer in 20 rounds in England, in 1897. His one losing battle was with Marty McEue, afterwards a state assemblyman.

FLAMES CONTROLLED

High Wind Only Fear of Fighters
of Nearly 100 Blazes; Flames
Within Five Miles
of Superior

St. Paul, Minn., May 29.—A serious forest fire menace still exists in the North Woods, according to W. T. Cox, state forester, but reports today indicate that the flames are well under control and there is no immediate danger of their spreading, unless a high wind develops. More than 100 fires are burning, Mr. Cox said.

More than 500 men, including forest rangers, are battling with the forest and brush fires, with rain, the only medium for completely extinguishing the blazes, promised for late today or tomorrow.

Most of the fires are on out-crover lands. In the Iron Range district there are between 15 and 20 fires burning all the way from Fall Lake and Vermilion lake to Coleraine and Grand Rapids. The most threatening blazes, in the vicinity of Park Rapids and Itasca state park, are keeping 100 men busy.

Careless Autoists

Superior, Wis., May 29.—Small armies of volunteer fire fighters are striving desperately to save farmhouses and small towns from destruction by a score of forest blazes raging in Northern Wisconsin and Minnesota.

Fanned by a brisk south wind and fiding fresh fuel in dry underbrush and timber, the flames are gaining, reports here indicate, and a number of summer homes on lakes in Douglas and Dayfield counties have been burned.

The fires have crept within five miles of Superior. Back-firing is being attempted in an effort to stop the flames. Fire wardens said nearly all the fires were started by motorists who dropped lighted matches or cigarettes stubs from their cars.

TODAY PAY HOMAGE TO DEAD, OWSLEY

Legion's Head Declares World
Wrecked by Quibbling of
Nations Over Spoils

Indianapolis, May 29.—Alvin Owsley, national commander of the American legion, today proclaimed today urged the nation to pay homage to its war dead in a fitting commemoration on Memorial day.

"The world is wrecked by the quibbling of nations over the spoils of war, but the sublime faith in the achievements of the recent world struggle is still in the minds of the men and women of America who cherish a belief in righteousness of the cause."

"Brave Americans in the pursuit of the conflict's grim course became imbued with the fires of ambition which carried them on to the war's objective—the destruction of an unrighteous power."

The ideals of our citizen soldiery found expression in the defense of humanity. To have fought for the flag in the great conflict was to have maintained the cause of right."

TRAINED POLICE DISPERSE RIOTING RUHR "RED" MOBS

(By the Associated Press).
Essen, May 29.—The arrival of trained police at Bochum and other strike zones in the Ruhr today was welcomed by the German officials as among the large numbers of workmen now on strike. The officials predicted that there now would be little more trouble from the "reds."

Sixty-five police from Dusseldorf were sent into Bochum to reinforce the firemen and white guards who, since Friday night had been besieged in the quarters of the firemen. On the arrival of the policemen there was a rapid disappearance of all the red armbands.

The German officials believe that the situation will not take the aspect of an ordinary strike and that the rain of terror attributed to the Communist element in which nearly 50 persons have been killed, will come to an end. The casualties in Bochum, according to the Germans, have been 15 persons killed and many wounded in the three days of fighting.

Mr. Lamont said today that details as to price and interest of the offering of \$25,000,000 in America has not yet been fully determined, but would probably be made public in New York within a week or 10 days. It is understood the American bonds will bear 7 per cent coupons.

ELOQUENCE DRAWS NEGROES' MONEY

"Provisional President of Africa"
Being Tried for Using Mail
to Defraud

New York, May 29.—The eloquence of Marcus Garvey, self styled "provisional president of Africa," caused a group to invest their money in the stock of the Black Star line, six witnesses testified today at Garvey's trial on charges of using the mails to defraud.

Lewis H. Schenck, a lawyer in the government building office in Washington, said he was so impressed by Garvey's eloquence in an address to a Baptist church in Washington that he purchased stock by mail. Edward Orr, a music writer, said Garvey's oratory induced him to buy \$100 worth of stock. He declared he later obtained a judgment against Garvey, but had not collected on it.

BANDITS THROW 80 NATIVES OVER MOUNTAIN CLIFF

ONE WAY TO PEACE

Turning Outlaws into Local Police,
Prelate Says, Only Means of
Preventing Repetition
of Outrages

(By the Associated Press).
Shanghai, May 29.—Shortage of food in the bandits' stronghold at Paotzu before the kidnapping of a number of foreigners from the Shanghai-Peking express May 6, caused the bandits to throw 80 Chinese prisoners to death from one of the mountain cliffs, according to information received today from Father William Lenders, which came in a letter from the prelate at Linching, declared that the prisoners' feet were bound and each was labeled with his name and identification before being hurled to death. One of the prisoners, a woman, was thrown over the cliff with her child in her arms.

Later the bandits notified the families of the massacred captives, and relatives were permitted to remove the bodies, identification being facilitated by the tags.

Only One Way to Peace

"The only way to maintain peace here," Father Lenders wrote, "is to enlist the bandits and keep them in this territory for years as a police force, since they alone are familiar with the inaccessible mountain fastnesses and trails. If they are withdrawn lesser bandits will band together and cause a similar situation in the future."

Father Lenders denies that troops were in league with the outlaws. He declares that the soldiers have been besieging the bandits for months near Paotzu, resulting in an acute shortage of water and food at Paotzu. The raid on the train at Suchow, the prelate says, was in the nature of a diversion to force the troops to withdraw from Paotzu.

Washington Receives Demands

Washington, May 29.—Specific terms of the Chinese bandits for the release of Americans and other foreigners held captive were cabled to the state department today by Minister Schurman at Peking who said that the bandit leaders had reiterated their five demands to the Chinese officials on the night of May 26. The terms presented were as follows:

1. Withdrawal of soldiers.
2. Central government to furnish the bandits regularly with food and clothing.
3. Ten thousand bandits in the southwestern district to be formed into four mixed brigades under the direct control of the central government which should furnish arms and ammunition.
4. The central government to give six months pay in advance; also arrears of pay not to exceed a total of six months pay.
5. Upon consent of the central government to be drawn up between the central government and the bandit chiefs to be signed in the presence of a representative of a diplomatic corps who is to act as guarantor of the proper execution of the agreement.

Powell Reports Progress

Tao Chwang, May 29.—J. H. Powell, Shanghai newspaper publisher, recently paroled by the Suchow train bandits to arrange terms for the release of the kidnapped foreigners, today arrived here on his third trip from the outlaws' mountain stronghold and reported that negotiations are proceeding favorably.

SCHENECTADY CARS RUN UNMOLESTED

Strikers and Public Pay No Attention to Screened Vehicles; No Interurbans; Few Patrons

Schenectady, May 29.—Cars were operated on several local runs of the Schenectady Railway company here today, but the public failed to take advantage of the service provided and outside of a total half dozen passengers the cars carried only their crews.

Little attention was paid to the cars by the striking employees of the company or by the public. It was noticed that the police escorts were reduced in numbers. No attempt was made to restore interurban service.

Public inquiry into strike causes, scheduled for this morning under direction of P. J. Downey, deputy state industrial commissioner, was postponed until Thursday.

Cars will be operated tomorrow, Harry B. Weatherwax, president of the company, announced tonight. No immediate move will be made to drive jitneys from the street, Mr. Weatherwax said, until the company can oppose the jitney traffic with adequate and reasonable service.

According to previous standards of service this is taken to mean 100 or more cars. Only six were operated today.

DIAGNOSE DISEASE WITH PHOTOGRAPHY

Anco Research Director, Dr.
Hitchins, Testing Out Possibilities of Plan

Binghamton, May 29.—Diagnosing disease by means of photography will be the next step in medicine if tests now being conducted by Dr. Alfred B. Hitchins, director of the Anco research laboratory, are successful.

In an address before the Broomes county Academy of Medicine today, Dr. Hitchins declared each disease has a specific photo-reaction which, if properly studied, will identify the ailment from which a patient is suffering. The possibilities of the discovery are manifold, the doctor said, for now in addition to observing cell structures through the microscope, difference of spectro absorption and transmission can be determined.

der the head of spectroscopy, while the device he uses in photographing disease reactions has been termed the refractometer. The new method will be most valuable in identifying diseases through the chemistry of the blood and will open up an entirely new field of physical diagnosis, Dr. Hitchins declared.

BOYS MAKE TWO ATTEMPTS TO WRECK TRAIN FOR THRILL

Mineola, May 29.—Three ten-year-old boys alleged to have made two separate efforts to wreck a Long Island passenger train in order to repeat in real life the thrill they had got at the movies, were arrested today. They admitted the police say, that after seeing a movie train wreck, they put an iron plate on the track near Westbury. When that was removed by a vigilant track walker, they wedged a bolt into a switch, but the track walker found that too.

The police, having fresh in their minds the wreck Sunday night on the Putnam division of the New York Central, in which one man was killed and a half dozen injured by thoughtless boys who threw a timber across the tracks, declared every effort would be made to make an example of the three juvenile prisoners.

CAPTAIN SURVIVES

Seen, as Were Other Members of
Crew, in Cuba 10 Days Af-
ter Disaster; All Thought
Drowned at Time

New York, May 29.—Investigation into the mysterious sinking of the rum lugger John Dwight at Vineyard Haven, Mass., with a loss of nine lives several months ago, has revealed that James A. Craven, of Lyndhurst, N. J., one of the victims, had \$100,000 in his possession when the ship sank, federal authorities said tonight. The money was missing when Craven's mutilated body was washed up on the beach.

Craven was said by federal authorities to have been implicated in a \$100,000 rum plot with his brother, Thomas A. Craven, who was indicted today on a charge of conspiracy to violate the Volstead act. He was in charge of the rum lugger, it was said, which was carrying a cargo of Canadian ale.

The money, federal officials said, was carried by Craven in a leather bag which he was known to have had in his possession when the vessel sailed from Newport, April 4.

Several days after the John Dwight sailed from Newport the vessel was reported to have capsized, due to her heavy cargo, and the bodies of members of the crew were washed ashore. Craven's leather bag was found on the beach, near his body, but it was empty.

Captain Malcolm J. Carmichael of Jersey City, who commanded the lugger, was reported to have been seen in Havana, Cuba, 10 days after the ship sank, although at the time it was believed that all hands were deceased. One or two others of the crew also were reported to have been seen in Cuba.

State Police Mysterified.
Boston, May 29.—Reports from New York tonight that James A. Craven, of Lyndhurst, N. J., one of the victims of the sinking in Vineyard sound of the steamer John Dwight, rum runner, April 6, had been in possession of a large sum of money while on board the vessel, and that probably rum pirates attacked the John Dwight to obtain this, gave the first plausible explanation here of a mystery that has baffled state authorities for weeks. Last week state officials closed their investigation of the John Dwight case with the admission that they knew as little about the incident as on the day the vessel went down.

On the morning of April 6, the coast guard crew at Caticunk, saw a vessel flying distress signals just as a heavy fog lifted from the sound. Before the coast guard boat could reach the vessel it went down. Next day eight bodies were found floating amid barrels of bottled ale.

THREATEN LIFE OF STELLA LARRIMORE

"Will Never Live to See Trial,"
Says One Letter; Actress
Sees Madame Farrar

New York, May 29.—Lewis B. Brodsky, counsel for Miss Stella Larrimore, today announced that his young actress, who was exonerated yesterday of charges brought against her by Geraldine Farrar, in her suit for divorce from Lou Tellegen, had received four letters threatening her with death if she did not "withdraw" from the case.

One of the threatening letters, Mr. Brodsky said, told Miss Larrimore that unless she got out of the case she "would never live to see it go to trial" and that her body would be "found in the Hudson river." The others were of similar tenor.

Mr. Brodsky said he had an idea as to their author, but declined to say at this time what action would be taken. Miss Larrimore has directed him to prepare a million dollar suit against Madame Farrar and the matter of proving criminal charges against the person responsible for continuing against her is said also to be a matter of some importance.

IN THE BUTTERNUT VALLEY

Another Fire Starters Residents of Morris.

Morris, May 29. — Our fire department was called out again last Thursday night about 10 o'clock to the residence of Mrs. Carrie Colvin and they quickly responded with the chemical engine. An ash barrel in a woodshed was discovered to be on fire by Mrs. Kathryn Colburn, who lives next door to Mrs. Colvin. They tried to put it out with pails of water but were unable to do so. When the chemical engine got to work the fire was soon extinguished, but it had a good start when the fire department arrived. One end of the woodshed and several of the roof boards and the ends of a wood pile were burned and comprised the damage. It was fortunate that it was discovered before it had any more spread, as it was not a great many feet from the house.

Milford Fire Engine in Morris.

The new chemical and pumping apparatus for fire fighting recently purchased by the village of Milford, passed through Morris one day last week, under its own power. It stopped here for a short time and was admired by many of our business men and citizens. It was equipped with two large

chemical tanks, a pump for getting water from a brook or reservoir, hand chemicals, hose, ladders and everything for a first-class fire fighting apparatus. It is a machine any village should be proud to possess and one Morris is badly in need of. Milford is to be congratulated on their enterprise.

Have Not Lost a Game.

Morris High school won its fifth victory last Saturday at the expense of the Otsego Boosters, of Herkimer. The game was the best game Morris has played this season, ten innings being used to get the score of 10 to 9. A great pitching duel between Butts of Otsego and Miller of Morris was the main feature. Burton Chubb's grounders going over Fowlston's head and Applin, the third baseman, bringing in the winning run. Seven two-baggers and two three-baggers were features of the game. Applin led off in the tenth with a grounder to Orr, the shortstop, who threw wild to first and let Applin reach second on the error. Taylor then made a safe hit, Applin going to third. R. Chubb hit to Butts, who threw wild to third in an attempt to get Applin, who scored. The score:

Blood Purifier and Tonic?
If You Do, Read This

Anbun, N. Y. — "Dr. Pierce's Golden Medical Discovery is the best blood medicine I have ever taken and I highly recommend it to those who are having trouble due to bad blood. My blood was in very bad condition which caused me to have breaking out all over my body, especially on my limbs and back. I doctored and took medicine, but instead of getting better I grew worse. I got so bad that I had to give up my work, when I decided to try Dr. Pierce's Golden Medical Discovery and by the time I had taken two bottles I was cured of all my trouble. My blood was in a good healthy condition, and I was able to resume my work. I have never had any return of that condition." — Benjamin Kolp, 18 Aspin St.

Your neighborhood druggist can supply you with Golden Medical Discovery in tablets or liquid, or send 10c to Dr. Pierce's Invalids' Hotel in Buffalo, N. Y., for trial package and write for free medical advice.

G. A. R. RANKS GROWING THIN

With the 11th at Rate of 2,000 a Month. It is Estimated Eight Years Will be End.

COMMANDER J. W. WILLETT (The NEA Service)

Des Moines, Ia., May 29.—Slowly the ranks of the Grand Army of the Republic are thinning. Familiar faces drop out, and none take their places.

Exactly how many still survive is unknown. Last year some 150,000 remained. This year that figure is shorted by approximately 24,000—at the rate of 2,000 a month.

Judge J. W. Willett, of Tama, Ia., continues to rule the diminishing ranks. He is commander in chief, and the only naval veteran to hold this office.

A native of Illinois he enlisted at Chicago, Ill., in the volunteer navy in 1862. For a while he served on the receiving ship Clara Dolson at Mount City, Ill. Then he was transferred to the gunboat U. S. S. Springfield, Mississippi squadron, where he served until the war's end.

It is estimated that in about eight years this thin line of veterans will have vanished altogether.

Woman Surprises Her Friends.

"After a spell of Typhoid Fever 7 years ago, I began to suffer from indigestion and gas in my stomach and colic attacks. This gradually became so bad that my doctor advised an operation for gall stones. A friend advised me to try Dr. Williams' Pink Pills, which I did with splendid results. My friends were astonished at my rapid improvement. I have no more indigestion and can eat anything I wish. It removes the intestinal worms from the intestinal tract and allows the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded at druggists everywhere. Adv.
